MILLER AND LENTS EXPANDS STAFF

Houston, Texas — Global petroleum engineering consulting firm Miller and Lents (M&L) has expanded the firm's engineering technician team.

Priscilla Phan (pphan@millerandlents.com) has joined Miller and Lents as an engineering technician. Priscilla has 9 years of prior oil and gas experience with reserves consulting and operating companies.

Miller and Lents has served the oil and gas industry with trusted upstream insights and reservoir evaluation since 1948. Headquartered in Houston, Texas, the M&L team provides reliable, independent analysis to clients across the globe.

For more information, please contact Evelyn Surlles of Miller and Lents at 713.308.0325 or esurlles@millerandlents.com. The firm is located at 909 Fannin Street, Suite 1300, Houston, Texas, 77010.
