PROMOTIONS FOR MILLER AND LENTS PROFESSIONALS

Houston, Texas — Senior staff members of Miller and Lents (M&L) have received promotions to reflect their growing roles in the organization.

Mehmet Tarman has become a Senior Vice President and Director. Tarman joined M&L in 2017 after serving as a reservoir engineer for Chevron and Landmark/Halliburton. As a licensed professional petroleum engineer with over 19 years of experience, Tarman has become an invaluable part of M&L's team of experts.

Lauren Robinson, who joined the firm as a Senior Geologist in 2021, has been promoted to Vice President. She has more than 17 years of diverse experience in petroleum geology for oil and gas projects in various basins in Russia, the Republic of Georgia, the Republic of Kazakhstan, and the USA.

Miller and Lents Chairman Robert Oberst said, "These promotions are well deserved and reflect on their growing responsibilities within Miller and Lents and to our clients."

Miller and Lents has served the oil and gas industry with trusted upstream insights and reservoir evaluation since 1948. Headquartered in Houston, Texas, the M&L team provides reliable, independent analysis to clients across the globe.
